Meeting Title: test_audio.wav

Organiser: test@example.com

Duration: 41 seconds

Status: Approved

Executive Summary

The meeting focused on the CRM migration to AWS. The infrastructure team's estimate of roughly two weeks of work for one dedicated engineer was received. A primary concern is managing downtime during the cutover, with a suggestion to perform the migration over a weekend.

Key Decisions

- Proceed with the CRM migration to AWS, given the received estimate.

Topics Discussed

1. Unknown

Discussion: The status of the CRM migration to AWS was discussed. The delay in migration was due to waiting for the infrastructure team's estimate, which has now been received. The estimate indicates approximately two weeks of work if one engineer is dedicated full-time. The team also discussed the challenge of downtime during the cutover and considered performing it over a weekend.

Risks & Concerns

- Downtime during the CRM migration cutover.
